Dear HR Department,

PT Global Loyalty Indonesia

I, Nicholas Adhitya Suryaputra, a 6th-semester student majoring in Informatics at Multimedia Nusantara University, hereby apply for the web developer internship position at PT Global Loyalty Indonesia for a period of 4 months.

I have a solid understanding of programming in JavaScript, Python, and C. During my studies, I have worked on various projects that have honed my technical skills and creativity in developing web applications. I also have the ability to collaborate with a team, ensuring each project is completed well and on time.

I am very interested in joining PT Global Loyalty Indonesia because I believe I can learn a lot from the existing team while also contributing my best efforts. I sincerely hope to discuss this opportunity further.

Thank you for your attention and consideration. I look forward to hearing good news from you.

Sincerely,

Nicholas Adhitya Suryaputra
